

To find a clinic near you, or for more information about this important program, call the Community Health Access Program (CHAP) 1-800-756-5437.

# Washington Colon Health Program

For general cancer information call:

- American Cancer Society  
1-800-ACS-2345  
(24 hours a day, 7 days a week)
- National Cancer Institute's Cancer Information Service:  
1-800-4-CANCER or  
TTY: 1-800-332-8615

**A colon screening test could save your life or the life of someone you love.**

**To find a clinic near you or for more information call 1-800-756-5437**

Funding provided by the Centers for Disease Control and Prevention (CDC)

**A new program for men and women living in King, Jefferson and Clallam Counties**

**Colon health screening is recommended for men and women starting at age 50.**

Be screened even if you feel fine and don't have a family history of cancer.

Colon cancer starts with a growth that is not cancer. Colon screening tests can find and remove growths before they develop into cancer.

Colon screening tests save lives.

**With regular screening, you can stop colon cancer before it starts.**

**The Colon Health Program** provides high quality screening tests for men and women who:

- Are age 50 - 64
- Have limited income
- Have no insurance or limited insurance
- Are residents of Jefferson, King, or Clallam County

There is no cost for the program if you are eligible.

**Call today to find out if you are eligible for the Colon Health Program: 1-800-756-5437**
